

APPLICATION TO BREED FEMALE OVER EIGHT YEARS OF AGE AND/OR BREED OVER THREE LITTERS

No Fee Required

Once your female greyhound turns eight years of age and/or has whelped her third litter (regardless of who bred each litter), her registration as a breeding female will become inactive. Under the GRNSW Greyhound Rules, she will not be able to breed a fourth litter or more unless you are granted approval from GRNSW by filling out this form. If you are granted approval, you will be permitted one additional service or insemination regardless of the result. If you wish to arrange for an additional service or insemination, you will need to fill out another form and submit to GRNSW for approval.

GAR 127(10) and (11) provides that a breeding female who is over eight years of age and/or has had three litters cannot be used for breeding without:

- prior veterinary certification of appropriate health and fitness for further litters; and
- the approval of the Controlling Body in writing.

Approval granted under GAR 127(10) and (11) will allow one additional service/insemination only, irrespective of the result of said service/insemination. The veterinary certification must be obtained within 120 days prior to the date of the additional service.

DETAILS OF BREEDING FEMALE UNDER CONSIDERATION

Greyhound's Name		Ear Brand		Colour		
Microchip No.		DNA No.		Whelp Date	/ /	
Sire		Dam
